ALEXANDER SEBASTIAN KALIS

## Actividad 4. (AA3) Redes sociales (LinkedIn)

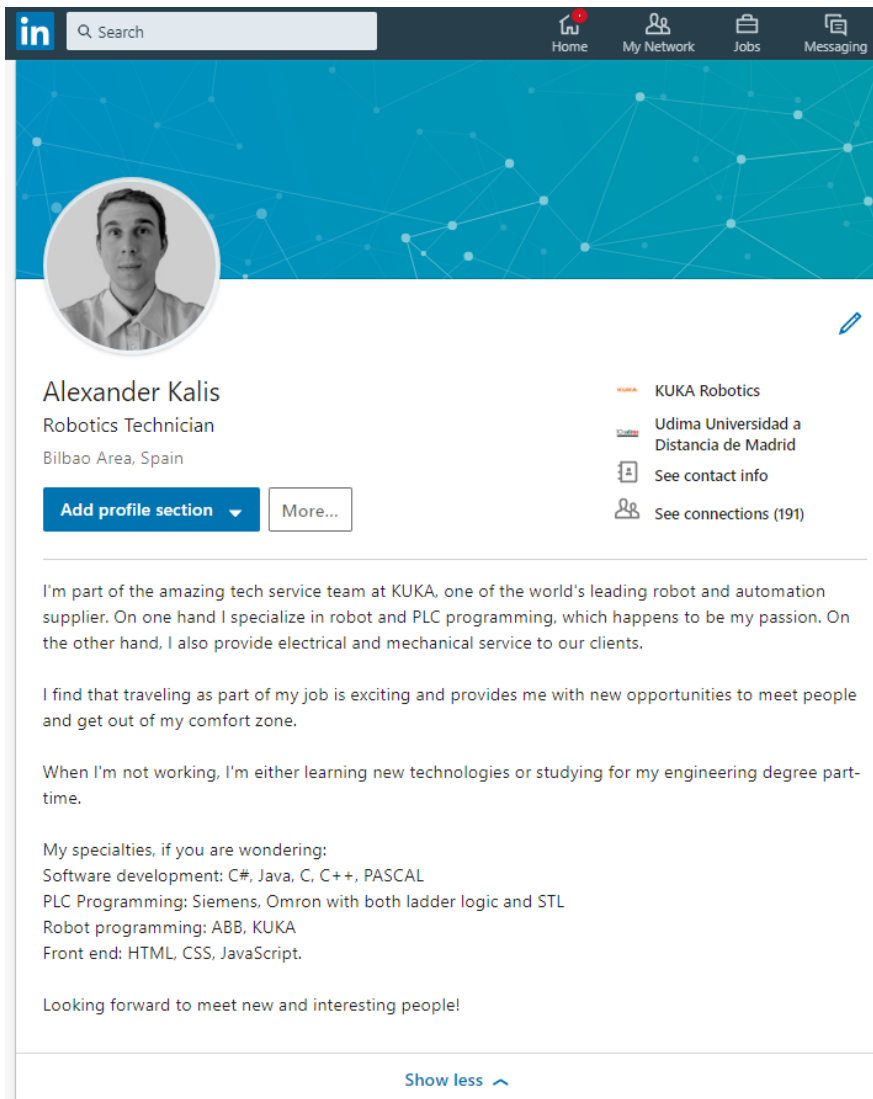

### Introducción

En la siguiente actividad se expone el proceso de creación de un perfil en LinkedIn y varias actividades adicionales, como la de unirse a un grupo y compartir noticias dentro del mismo.

En el momento de la realización de la actividad, el autor ya contaba con un perfil activo, por lo cual se pasará directamente al paso 2 de la actividad:

### 2. Rellenar el extracto

El extracto en este caso lo tengo en inglés ya que me interesa que mi perfil sea visible y válido no solo para España, sino también en el extranjero:

The screenshot shows a LinkedIn profile for Alexander Kalis, a Robotics Technician in Bilbao Area, Spain. The profile includes a circular profile picture, a blue header banner, and a list of skills: KUKA Robotics, Udima Universidad a Distancia de Madrid, See contact info, and See connections (191). The bio states: "I'm part of the amazing tech service team at KUKA, one of the world's leading robot and automation supplier. On one hand I specialize in robot and PLC programming, which happens to be my passion. On the other hand, I also provide electrical and mechanical service to our clients. I find that traveling as part of my job is exciting and provides me with new opportunities to meet people and get out of my comfort zone. When I'm not working, I'm either learning new technologies or studying for my engineering degree part-time. My specialties, if you are wondering: Software development: C#, Java, C, C++, PASCAL PLC Programming: Siemens, Omron with both ladder logic and STL Robot programming: ABB, KUKA Front end: HTML, CSS, JavaScript. Looking forward to meet new and interesting people!"
